

## IT'S YOUR TIME. MAKE IT MEMORABLE.

The 2022 Ford Escape® SUV. It's ready-made for the kind of getaways that become cherished memories. So next time adventure beckons, you and your friends can respond with confidence. A choice of 4 powertrains includes 2 turbocharged EcoBoost® engines, plus a Hybrid and a Plug-in Hybrid.<sup>1</sup> Five Selectable Drive Modes provide an exceptional driving experience. The spacious, adaptable interior features seating for up to 5, with sliding and reclining rear seats that offer plenty of leg room in back. And there's lots of advanced connectivity, too.

Available Ford Co-Pilot360<sup>™</sup> Assist+ includes Intelligent Adaptive Cruise Control with Speed Sign Recognition. Plus, available packages like the SE Sport Appearance, SEL Stealth AWD, and Titanium Elite make it easy to personalize your vehicle. Elevate your travels – and start making more extraordinary memories – in the 2022 Escape.

### **EMPOWERING.** YOUR CHOICE OF 4 WAYS TO GO.

With a variety of available engines, the Ford Escape® SUV is geared to suit your driving style. Turbocharged EcoBoost® engine models feature plenty of horsepower and torque for making the most of every ride. They also include Auto Start-Stop Technology that can help reduce fuel consumption and vehicle tailpipe emissions when the vehicle is fully stopped.

Hybrid models use a 2.5L Atkinson-cycle I-4 engine and an electric traction motor for maximum range and fuel economy. The Plug-in Hybrid models have an EPA-estimated range of 481 miles<sup>1,2</sup> You can drive the Plug-in Hybrid in EV (Electric Vehicle) mode when the battery is charged, and continue seamlessly on your way as the vehicle switches to gas power when needed.

Whichever model you choose, you'll be able to move from Park to Reverse to Drive with the simple turn of the finely tuned rotary gear shift dial, standard on every 2022 Escape.

1. Range calculation based on an 11.1-gallon tank (excludes reserve tank capacity), EPA-estimated charge depleting electric range of 37 miles and combined city/highway label rating of 40 mpg. Actual range varies with conditions such as external environment, vehicle use, vehicle maintenance, lithium-ion battery age and state of health. 2. Horsepower, torque and EPA-estimated fuel economy ratings are independent attributes and may not be achieved simultaneously. 3. Horsepower and torque ratings based on premium fuel per SAE JI349<sup>®</sup> standard. Your results may vary. 4. Calculated via combined performance of the engine and electric motor with peak battery power. The calculations utilize SAE JI349 engine results and Ford electric motor dyno testing. ### **CAPABILITY.** SELECT YOUR DRIVE MODE.

The Ford Escape® SUV lets you create the drive experience you desire, or the one that conditions demand, with easy-to-use Selectable Drive Modes. Choose your mode and the system adjusts traction control, steering, pedal response, and available Intelligent AWD to help provide a remarkable driving experience. 3D animations on the available 12.3" digital instrument cluster change based on the standard drive mode you select – Normal, ECO, Sport, Slippery, or Deep Snow/Sand.

In addition to the standard drive modes, Plug-in Hybrid models feature 4 EV modes, which allow you to decide how you want to use the electric power. In Auto EV, the vehicle decides whether to run on gas or electric power. EV Now mode is for all-electric operation. EV Later preserves plug-in energy for later use. In EV Charge mode, drivers can continue to charge the battery while driving, and generate electric-only miles to use later, such as during city driving.

### AMENITIES. TAKE COMFORT IN CONTROL.

Every Ford Escape<sup>®</sup> SUV offers a roomy front-row experience. Available heated sport contour front bucket seats and an available heated steering wheel offer extra comfort on chilly days. The available head-up display<sup>1</sup> projects vehicle speed and other vital information onto a 6" wide screen just above the steering wheel, while the available 12.3" digital instrument cluster offers a configurable display and 3D animations. There's also an available 10-speaker B&O<sup>®</sup> Sound System that features an Externally Coupled Subwoofer that saves both weight and space while still delivering the powerful sound you expect.

# ROAD-TRIP READY.

Since its conception, the Ford Escape® SUV has epitomized the fun-loving freedom of spontaneous road trips. For an engaging driving experience, Hybrid and Plug-in Hybrid models feature an eCVT transmission with electric launch. Gas-only models utilize an 8-speed automatic transmission for smooth, responsive performance. And the electric power-assisted steering provides light, responsive steering while parking, and confident control at higher speeds. These and a myriad of other details are purposefully combined to help Escape empower your urban adventures and back-road getaways alike. Lifting your spirits at every turn.

### S

Memory making starts here: in the Ford Escape® S model. A new adventure begins every time you turn the rotary gear shift dial to "D." Whether it's a 1.5L EcoBoost® engine with front-wheel drive (FWD) or available Intelligent AWD, Selectable Drive Modes are at the ready. Starting to rain? Switch to the "Slippery" drive mode for increased control. Need to take a call? SYNC® voice-activated technology<sup>1</sup> lets you do it without touching your phone.

From day one, we had the future in mind. And over 118 years later, we continue that tradition of innovation. Ford Co-Pilot360<sup>™</sup> Technology is helping push us closer to autonomous driving. The latest generation of voice-activated SYNC<sup>®</sup> fosters untethered communication. And our fully electric vehicles – the all-new 2022 Ford F-150 Lightning<sup>®</sup> pickup and the Mustang Mach-E<sup>®</sup> SUV – are charging across America.

We've always had our mind on the future. Now we're building it.
