

LEAF[®]

2023

The possibilities are electric

The joy never ends with Nissan LEAF® SV PLUS. Get up to 212 miles off a single charge.¹ Stay connected with your compatible smartphone on the big screen.² And travel with confidence, knowing a standard suite of Nissan Safety Shield® 360 features are looking out for you.³

EPA-estimated
range up to

212

miles on SV PLUS¹

Feel the rush of instant acceleration

It's a thrill you never saw coming. Nissan LEAF's 100% electric drivetrain delivers instant acceleration as soon as you touch the pedal. Turn the wheel and the fun continues, with a battery pack that sits low in the chassis, letting you hug the road.

e-Pedal — One-pedal driving

Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It's not only fun, but it also encourages you to drive more efficiently. Of course, going back to driving with two pedals is as easy as flipping a switch.⁴

ProPILOT Assist⁵

Helps keep you centered — even in gentle curves⁵

Helps maintain your preset speed and distance⁵

Can even come to a complete stop⁵

Commuting has never come this easy

With available ProPILOT Assist, the Nissan LEAF[®] helps out with daily highway driving — assisting you by following the car ahead at a preset distance and helping keep you centered in your lane. It can even bring you to a full stop based on the traffic flow and can bring you back up to speed when traffic starts moving again. It all adds up to a more confident, enjoyable drive.⁵

Standard Nissan Safety Shield® 360 and driver assist technologies

In one of the most advanced Nissan vehicles ever, you can expect confidence from an array of driver assist and safety features.^{3, 6}

Safety Shield 360 includes:

- Automatic Emergency Braking with Pedestrian Detection⁷
- Rear Automatic Braking⁸
- Rear Cross Traffic Alert⁹
- Blind Spot Warning¹⁰
- Lane Departure Warning¹¹
- High Beam Assist

Nissan LEAF® also comes standard with:

- Intelligent Blind Spot Intervention¹⁰
- Intelligent Lane Intervention¹¹
- Intelligent Forward Collision Warning¹²

There's nothing like seeing it on the big screen

People to see? Places to be? Just ask Siri®. Equipped with Siri® voice control, standard Apple CarPlay® brings your contacts, favorite messaging apps, Apple Music® playlists, Apple Maps, and more on board to your Nissan LEAF. Simply plug in your compatible iPhone® and go.^{2, 13, 14, 15}

Talk to Google on Android Auto™ and get things done with your voice. Easily send messages, get directions, control media and more. Just say, "Hey Google" or long-press the voice control button on your steering wheel to get started.^{2, 13, 14, 15}

Get your day started with NissanConnect® EV & Services

Your Nissan LEAF® is powered up and you're connected — and you haven't even stepped out of the house yet. The Nissan Skill for Amazon Alexa or the Nissan Action on Google makes it possible. Or just use the NissanConnect® EV & Services app on your compatible smartphone to remotely lock and unlock your doors, start charging, to heat or cool your cabin, and more.^{2, 13, 16, 17}

Connect the way you want

With NissanConnect® technologies, you can tailor how you stay in touch. Plug in and access your compatible smartphone. Available Nissan Door to Door Navigation makes driving to your next destination seamless. Bluetooth® and hands-free texting makes it easy to connect with your world. And you'll stay charged up with three standard USB-A ports and a standard USB-C port.^{2, 13, 14, 15, 16}

Charging at home

Charge overnight, when electricity rates are often lower, using a standard charging timer and 240-V plug.¹⁸

Qmerit

Convenient. Professional. Get a home charger installed with Qmerit certified technicians and customer care specialists.¹⁸

At-Home 240-V Charging¹⁹

60 kWh Battery:
EPA Range up to 212 Miles on Nissan LEAF SV PLUS¹
Approx. 11 Hours = Full Charge²⁰

40 kWh Battery:
EPA Range up to 149 Miles on Nissan LEAF S¹
Approx. 7.5 Hours = Full Charge²⁰

EPA Range up to 212 miles as shown on Nissan LEAF® SV PLUS.¹

Charging on the go

An ever-expanding network of public EV charging stations means you've got a lot of options for your next charge. Just use the available menu on your Nissan LEAF's center touch-screen display — you can even filter for the type of charger you are looking for, type of payment method, and more.^{13, 19, 21}

Public DC Quick Charging^{19, 20, 21}

60 kWh Battery:
EPA Range up to 212 Miles on Nissan LEAF SV PLUS¹
Approx. 45 Minutes = 80% Charge²⁰ (100 kW)
Approx. 60 Minutes = 80% Charge²⁰ (50 kW)

40 kWh Battery:
EPA Range up to 149 Miles on Nissan LEAF S¹
Approx. 40 Minutes = 80% Charge²⁰ (50 kW)

NISSANENERGY PERKS by EVgo

Nissan has partnered with EVgo to provide qualifying Nissan LEAF customers with membership and charging credit (in select markets) on the nation's largest network of public fast chargers, all through the EVgo app. Available in the Apple App Store® and Google Play.^{TM 21, 22}

EPA Range up to 212 miles as shown on Nissan LEAF® SV PLUS.¹

Grab hold of a driver-centric design

With room for up to five and available perks like heated front seats, the Nissan LEAF® shows how uncompromising driving electric can be. A “floating” touch-screen display puts your compatible iPhone® on center stage with Apple CarPlay.®^{2, 13} Top it off with features like a telescoping D-shaped steering wheel, a distinctive center console, and a super-quiet, noise-insulated cabin, and it’s clear this interior was designed with you in mind.

- Customizable digital display
- Intuitive drive selector
- D-shaped steering wheel
- Noise-insulated cabin

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving through life with greater confidence, excitement and connection to the world around you.

¹2023 EPA estimated range of up to 149 miles for LEAF® S, up to 212 miles for LEAF SV PLUS for combined city / highway driving. 2023 EPA Fuel Economy Estimates 123 City MPGe / 99 Highway MPGe / 111 Combined MPGe for LEAF S, 121 City MPGe / 98 Highway MPGe / 109 Combined MPGe for LEAF SV PLUS. Based on EPA formula of 33.7 kWh equal to one gallon of gasoline energy. Actual mileage will vary with trim levels, options, and driving conditions. See Customer Disclosure Form for details. Use for comparison only. ²Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. ³Nissan Safety Shield technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information. ⁴Monitor traffic conditions and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information. ⁵ProPILOT Assist cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. ⁶Availability of features vary by vehicle model year, model, trim level, packaging, and options. Please see Owner's Manual for important feature information. ⁷Automatic Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁸Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information. ⁹Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. ¹⁰Blind Spot Warning and Intelligent Blind Spot Intervention cannot prevent all collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ¹¹Lane Departure Warning and Intelligent Lane Intervention only operate when lane markings are able to be detected. See Owner's Manual for safety information. ¹²Intelligent Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. ¹³Use feature only when safe and legal. Compatible device and service required. Subject to third party service availability. For more information, see [NissanUSA.com/connect/legal](https://www.nissanusa.com/connect/legal). ¹⁴Use Hands Free Text Messaging when parked in a safe location. If you must use while driving, monitor traffic conditions and keep both hands on the steering wheel to prevent collisions. Compatible device required. Message and data rates may apply. ¹⁵Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ¹⁶Available feature. ¹⁷Heating or cooling of the cabin while vehicle is charging may decrease range or extend charging time. See Owner's Manual for safety information. ¹⁸240-V home charging dock sold separately. Not a Nissan product. Some chargers may not be compatible with your LEAF. Contact charger manufacturer before purchase for information on compatibility and warranty. Nissan does not warrant and is not responsible for loss, including consequential, incidental, or other damages caused by charger defects, charger incompatibility, or installation services. ¹⁹Some chargers may not be compatible with your LEAF. Contact charger manufacturer before purchase for information on compatibility and warranty. Nissan does not warrant and is not responsible for loss, including consequential, incidental, or other damages, caused by charger defects or incompatibility. ²⁰Charging capacity and times may vary based on battery temperature. For Level 1 home charging, use only a 110-120 volt, 15-amp dedicated outlet for charging. See Customer Disclosure Form for details. ²¹Public charging networks are provided by independent companies, and are not within Nissan's control. Availability of charging stations not guaranteed. ²²\$100 charging credit on the EVgo network with the purchase or lease of a new model year 2023 Nissan LEAF from a participating dealer. Offer valid for 12 months from date of sale. Fleet customers not eligible. Offer requires customer to register and activate a customer account with the EVgo network within 365 days of the date of purchase or lease. ²³Extra cost option. ²⁴RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. ²⁵Rear Door Alert System does not detect people or cargo. Always check rear seat before exiting. See Owner's Manual for safety information. ²⁶Intelligent Around View® Monitor cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. ²⁷Intelligent Driver Alertness cannot provide a warning in every situation. See Owner's Manual for safety information. ²⁸For complete information concerning warranty coverage, conditions, limitations, and exclusions, see your Nissan dealer and [parts.nissanusa.com](https://www.parts.nissanusa.com) for warranty details. ²⁹Vehicle shown is for illustrative purposes only. Not representative of brochure's model year/model. ³⁰Zero tailpipe emissions. ³¹Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. ³²Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. ³³Intelligent Trace Control cannot prevent collisions or loss of control. Driver should remain in control of vehicle at all times. See Owner's Manual for safety information. ³⁴Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information. ³⁵Air bags are only a supplemental restraint system. Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See Owner's Manual for safety information. ³⁶Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. ³⁷Vehicle must be on for the Easy-Fill Tire Alert to operate. ³⁸Cargo and load capacity limited by weight and distribution. Always secure cargo. ³⁹Roadside assistance coverage period varies by model-year model. For complete information concerning warranty coverage, conditions and exclusions, see your Nissan dealer and read the warranty information booklet for the model-year model. ©2022 Amazon.com, Inc. or its affiliates.
